TWO SISTERS SCHOOL, TERM 1 REPORT 2026
5th January – 2nd April 2026

INTRODUCTION
As Term One comes to an end, learners and teachers of Two Sisters School will proceed for a well-deserved three-week holiday. The school will reopen on 27th April 2026, ready to begin the next academic term with renewed energy and focus. During the term, the school has already initiated the process of becoming a National Assessment Centre in preparation for our first-ever Grade 6 national assessment. This is a significant milestone that will enable our learners to sit for their assessments within the school, enhancing convenience and boosting their confidence.

Term dates 2026

	OPENING	CLOSING	DURATION
April holiday	7th April 2026	24th April 2026	3 weeks
Term two	**27th April 2026**	**31st July 2026**	**14 weeks**
Half term	24th June 2026	28th June 2026	5 days
August holiday	3rd August 2026	21st August 2026	3 weeks
Term three	**24th August 2026**	**23rd October 2026**	**9 weeks**

School enrollment 2026

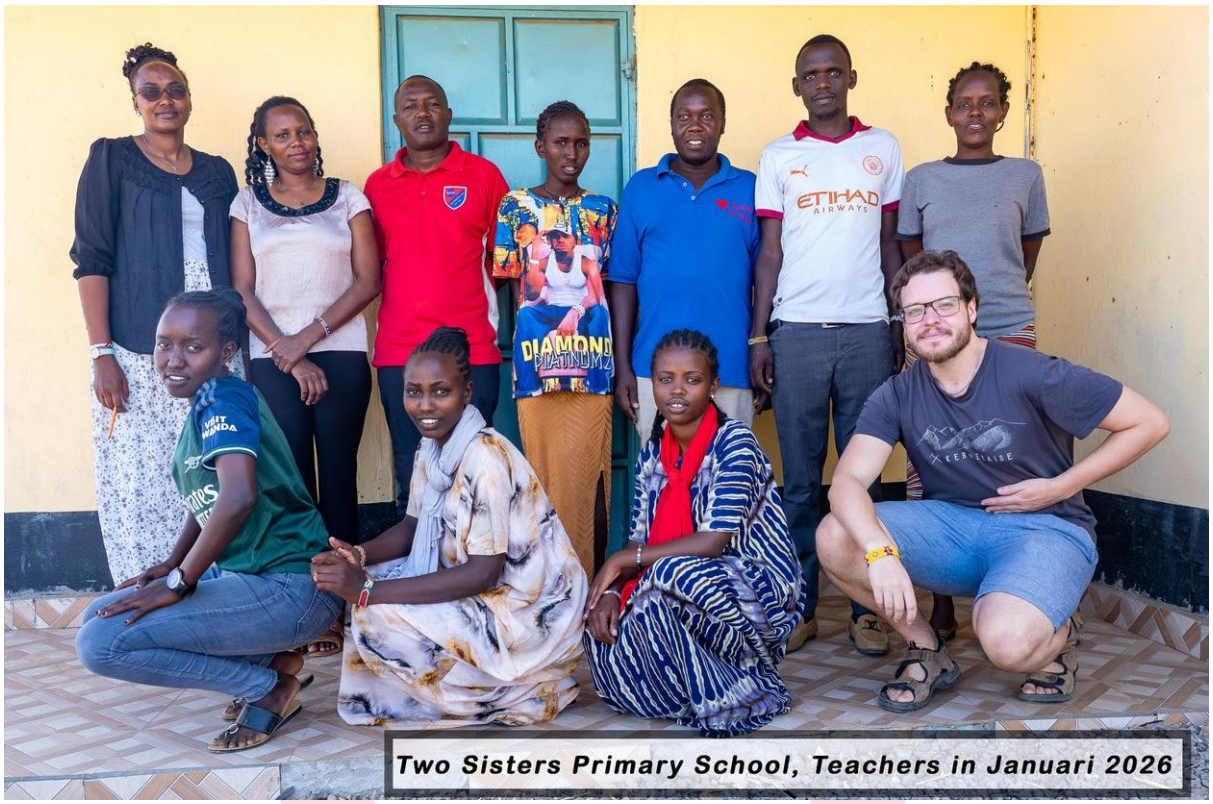

Grade	Boys	Girls	Total
Preprimary one	27	20	47
Preprimary two	20	27	47
Grade one	10	15	25
Grade two	16	23	39
Grade three	16	17	33
Grade four	15	17	32
Grade five	12	14	26
Grade six	15	18	33
TOTALS	**131**	**151**	**282**

School priorities 2026

Priorities		appropriate cost	2026	2027	2028
Primary school classroom		1,500,000	1		
Junior school classrooms		1,500,000	1	1	1
Junior school laboratory		3,000,000	1		

Staff Update – New Teachers Joining the Team

Two Sisters School is pleased to welcome new members to its teaching staff. Mr. Victor Omondi has joined the Primary School section, while Ms. Agnes Lekilio has joined the Preschool section. Their addition to the team strengthens the school's commitment to delivering quality education and nurturing learners at all levels. We warmly welcome them to Two Sisters School and look forward to their valuable contribution to our mission of developing holistic, confident, and responsible learners.

	Name	Responsibility
1	Philip Lekupuny	Head teacher
2	Silvia Lentoror	Deputy head teacher/ Grade one teacher
3	Amos Lepalat	Grade four teacher
4	Brian Ngetich	Grade five teacher
5	Victor Omondi	Grade six teacher
6	Doris Jepchirchir	Grade two teacher
7	Eunice Learamo	Preprimary 2 teacher
6	Agnes Lekilio	Preprimary 1 teacher

Support staff

1.	Nterepai Lesas	Cook
2.	Ali Lasapicho	Security guard

New school uniforms

In the beginning of the year, all learners were successfully promoted to the next grade levels and provided with new school uniforms, supported by Two Sisters Church.

Visit by Director of Education in the sub-county

Plans are underway to re-register the school as a comprehensive institution, which will pave the way for the establishment of a junior school, grade 7-9, by the year 2027. This development aligns with our vision of providing continuous and holistic education to our learners. These efforts were affirmed by the Sub-County Director of Education during his recent visit to the school. He commended the high quality of teaching and learning taking place at Two Sisters School, noting it as a strong example of effective academic delivery. He particularly appreciated the school's organized approach to operations where clear instructions guide the activities. We remain optimistic that all these processes to register a comprehensive institution will be completed in good time.

Marcus Berg, student from Linnaeus University, Sweden

We were able to receive Marcus Berg from Linnaeus University in Kalmar for five weeks at the beginning of the year. Markus is studying to become a preschool teacher at Linnaeus university and was doing his teaching practice at Two Sisters School. Markus took part in various lessons at Two Sisters School using both Swedish and Kenyan teaching methods.

Some words from Markus:

I was given the opportunity to experience a society so different from anything I had encountered before. I was told, "Markus, there is no hurry in Africa." Everything takes time because the heat and circumstances mean that plans do not always go as intended. Despite this, the children, the teachers, and parents made my stay so very pleasant through their warm hospitality. I was truly spoiled by being able to take part in the Samburu culture, traditions, and way of life. I learnt Samburu dances and drank a lot of delicious chai. Thank you to all.

Teaching in a pre-primary class. Singing and movements together.

Urban and Markus at the campsite where they stayed for several weeks.

Markus and pre-primary learners in action.

Urban visit

Our good friend Urban Andersson from Two Sisters Church in Kalmar returned to Two Sisters School as a volunteer for two weeks in late January. He acted as a guide and support for the student Markus and introduced him to the school and life in the desert in northern Kenya. Thanks to Urban and friends from Sweden we were able to order a whiteboard from Nairobi to be used in the temporary classroom for PP2. He also helped us with the drip irrigation for the schoolgarden. Urban is a good photographer and took photos of each class at the school. These photos will be posted on the wall in the library.

The recently planted trees in the schoolyard need dripping water. Practical education.

Extended school fence and new toilets

We are pleased to note that the NG-CDF (National Government Community Development Fund) has successfully extended the school fence to include the football field, enhancing security and safeguarding school property.

We are also pleased to report on the construction of a new double-door toilet, to be completed within the next couple of weeks. This will significantly improve sanitation and provide better washroom facilities for our learners, contributing to a healthier and more conducive learning environment. The construction of toilets is made possible through the generous support of Two Sisters Church and its partners.

Two Sisters School Athletics Achievement

Two Sisters School has demonstrated outstanding performance in athletics competitions across all levels. The school excelled at the zonal, sub-county, county, and regional levels.

The Loiyangalani Sub-County athletics competition was successfully hosted at Two Sisters School, bringing together approximately 400 learners from different schools. This event provided a valuable platform for young athletes to showcase their skills and compete in a spirit of teamwork and sportsmanship. This remarkable achievement reflects the school's commitment to nurturing holistic development. Two Sisters School continues to raise its profile as a center of excellence in co-curricular activities. The school community is proud of this success and looks forward to even greater achievements in the future.

Two Sisters School, an Assessment Centre

We are now proud to report that Two Sisters School has officially been designated as an assessment center. This significant achievement will enable our learners to undertake their assessments within the school, eliminating the need to travel to other institutions.

It is a major milestone as our learners will, for the first time, sit for their national assessment in grade 6. This important step will pave the way for them to transition to Junior School, marking a significant achievement in their academic journey. The school is committed to ensuring that learners are well-prepared through focused academic programs, continuous assessment, and holistic support from teachers and parents. We look forward to this new chapter with confidence and excitement.

FGM prevention project 2026-2028

Two Sisters School is in the centre also of the new three-year project on FGM prevention. The project started with a big community meeting in Two Sisters Village in January followed by FGM sensitizing programs in three schools: Two Sisters School and the neighboring schools in Jiija and Ntaletiani. The programs were facilitated by Patricia Lelesit, community social worker, Vivian Seneka Lenanyokwe, nutrionist, Eunice Learamo, teacher, Doris Jepchirchir, teacher and Steven Labarakwe, coordinator. Many of the girls in the three schools decided to join the anti-FGM advocacy teams. These girls will be prepared for a new alternative rite of passage later in the year.

Education workshop on FGM prevention at Two Sisters School

Community Dispensary

Opening ceremony 12th of February

We are pleased to report that the community dispensary is now complete and fully functional. The facility has been officially handed over from Lake Turkana Wind Power to the community following the successful completion of construction.

The support from Two Sisters Church and its partners has made it possible to employ one nurse and two support staff and buy essential medicines on a short-term basis. It has enabled the dispensary to become operational and serving the community effectively during an interim period. As a result, the community now feels safer and more secure due to the availability of accessible medical care within their locality. There is great hope that the relevant authorities will soon take over and provide the necessary medical personnel to ensure consistent and quality healthcare services.

Running costs Two Sisters School 2026

Item	Term two	Term three
Meals	168,000	168,000
Teachers training	150,000	0
Stationery	40,000	40,000

Sports	20,000	20,000
Admin costs	50,000	50,000
Totals	**508,000**	**358,000**

Weather Update – Two Sisters Village

We are pleased to report that the current weather around Two Sisters Village is characterized by ongoing rainfall. This marks a significant and positive shift from the previous dry conditions. The rain has greatly transformed the environment, with vegetation turning lush green once again. Trees, grass, and other plant life are thriving, creating a refreshing and vibrant landscape across the area.

This seasonal rainfall is highly beneficial to the community as it supports pasture regeneration for livestock, improves farming conditions, and helps replenish local water sources. It brings renewed hope for food security and well-being. Overall, the community is experiencing a period of environmental recovery and growth, which is essential for sustaining livelihoods in this region

Conclusion

The beginning of this year has started with positive vibes and development for Two Sisters School. We deeply appreciate the strong collaboration with Two Sisters Church, for their continued prayers, support, and commitment to the growth of the school, for the school uniforms, new toilets, running costs, supporting the new community dispensary, and the FGM prevention project.

We also appreciate the collaboration with Kalmarsundskolan. It has greatly enhanced the quality of education at our institution, contributed to improved teaching methodologies, professional growth among teachers, and a broader learning experience for our learners. It has played a key role in strengthening our academic standards and promoting global exposure. We are pleased to report that a new application is underway to support the continuation of the exchange program between the two schools.

And we happily welcome more volunteers and students to Two Sisters School in the future.
