TWO SISTERS SCHOOL, TERM 2 REPORT 2026
27th April – 31st July

INTRODUCTION

Term 2 of the 2026 academic year was **one of the busiest and most productive periods** at Two Sisters Primary School. The school successfully balanced teaching and learning with a wide range of co-curricular and community activities aimed at promoting holistic learner development. During the term, the school hosted major events that brought together approximately **670 learners from across the sub-county to participate in athletics, football, volleyball**, and other competitions.

The term also featured **anti-FGM awareness and mentorship activities** that equipped learners with knowledge on child protection, life skills, and the importance of education. Significant progress was made in infrastructure development through the construction of **two new Junior School classrooms and a double-door toilet** funded by the National Government Constituencies Development Fund (NG-CDF), as well as another double-door toilet funded by the County Government of Marsabit. Additionally, the school **completed the registration process for Junior School, grade 7-9,** with the registration certificate now ready, paving the way for full implementation after completion of the remaining Ministry of Education requirements.

These achievements were made possible through the dedication of teachers, learners, parents, the Board of Management, development partners, and the local community, all working together to improve the quality of education at Two Sisters School.

Term dates 2026

	OPENING	CLOSING	DURATION
August holiday	3rd August 2026	21st August 2026	3 weeks

Grade six	15	18	33
TOTALS	**131**	**151**	**282**

Teaching Staff

There were no changes in the teaching, learner, or support staff during Term 2. The school maintained a stable workforce, ensuring continuity in teaching, learning, and school operations throughout the term. However, two members of the teaching staff, Madam Eunice and Madam Silvia, are currently on official leave and are expected to resume duty later in the next term. The remaining members of staff have continued to work collaboratively to ensure that all academic programs and school activities proceed smoothly with minimal disruption.

1	Philip Lekupuny	Head teacher
2	Silvia Lentoror	Deputy head teacher/ Grade one teacher
3	Amos Lepalat	Grade four teacher
4	Brian Ngetich	Grade five teacher
5	Victor Omondi	Grade six teacher
6	Doris Jepchirchir	Grade two teacher
7	Eunice Learamo	Preprimary 2 teacher
8	Agnes Lekilio	Preprimary 1 teacher

Support staff

1.	Nterepai Lesas	Cook
2.	Ali Lasapicho	Security guard

Weather Update – Two Sisters Village

Throughout Term 2, Northern Kenya continued to experience hot, dry, and dusty weather conditions. The prolonged dry spell resulted in high daytime temperatures, strong dusty winds, and limited rainfall across the region. These conditions affected water availability, pasture, and the general learning environment, requiring the school to take measures to ensure the health and well-being of learners and staff.

Despite the challenging weather, teaching and learning continued uninterrupted, and all planned academic and co-curricular activities were successfully conducted. The school encourages learners and the community to conserve water, maintain good hygiene, and take necessary precautions against heat and dust as the dry conditions are expected to persist until early November.

NEW DEVELOPMENTS AT TWO SISTERS PRIMARY SCHOOL

Two Sisters Primary School has made significant progress in improving its learning environment through the completion of key infrastructure projects. The school has constructed two new classrooms to accommodate learners joining the Junior School, providing adequate and conducive learning spaces as the school continues to expand.

To improve sanitation and hygiene, the school has also completed two double-door toilet blocks. One toilet block was funded by the NG-CDF Laisamis Constituency, while the other was funded by the County Government of Marsabit. In addition, World Vision has supported the school by constructing two five-door toilet blocks, one for boys and one for girls. These facilities have greatly enhanced access to safe and adequate sanitation, promoting better health, dignity, and a conducive learning environment for all learners.

The school sincerely appreciates the support of the NG-CDF Laisamis Constituency, the County Government of Marsabit, and World Vision for their valuable contributions towards improving education and the welfare of learners at Two Sisters Primary School.

REGISTRATION OF TWO SISTERS JUNIOR SCHOOL, grade 7-9

Two Sisters Primary School has successfully been registered as a Junior School, marking a major milestone in the school's growth and commitment to providing quality education within the community. The registration certificate has been processed and is now ready, confirming the school's approval to offer Junior School education, grade 7-9. Beginning next year, the school will admit learners into the Junior School section, enabling students to continue their education without having to transfer to other schools.

To make the Junior School fully operational, the school is required to complete a few remaining administrative procedures and documentation at the relevant Ministry of Education offices in Nairobi. Once these formalities are finalized, the school will be fully functional as a registered Junior School. This achievement reflects the dedication of the Board of Management, school administration, parents, the community, and development partners who have continued to support the growth of Two Sisters Primary School. The school looks forward to providing quality Junior School education and expanding learning opportunities for children in the region.

Two Sisters Dispensary by Marsabit County Government

The happy news is that Two Sisters Dispensary is now officially taken over by Marsabit County Government, and they have posted a nurse at the dispensary. Once the posting is completed, the dispensary will continue providing essential healthcare services to the surrounding community and the school.

The girls' football team, zonal and sub-county champions

Two Sisters Primary School continued to excel in co-curricular activities during the year, demonstrating outstanding performance in football. The girls' football team emerged as Zonal Champions before proceeding to become Sub-County Champions, earning the opportunity to represent Marsabit County at the Regional Games held in Kitui County.

Also, the boys' team were Zonal Champions and came second in the Sub-County competitions.

The teams' remarkable achievement reflects the dedication and hard work of the learners, the commitment of the coaching staff, and the support of the school administration, parents, and the community. Their successes have raised the profile of Two Sisters Primary School and inspired other learners to actively participate in sports and other co-curricular activities. The school remains committed to nurturing learners' talents alongside academic excellence by promoting active participation in sports and other co-curricular programs.

Child Protection and Anti-FGM Program

The school organized anti-FGM awareness and mentorship activities aimed at promoting children's rights and protecting girls from harmful cultural practices. The program is supported by Two Sisters Church

The program focused on:

- Child protection and safeguarding.
- Life skills education.
- Mentorship and career guidance.
- Promotion of education as an alternative pathway for girls.
- Community awareness on ending FGM and supporting girls' education.

2	Primary school classroom	1,500,000	0	0	1
3	Junior school classroom	1,500,000	0	0	1

Primary School Education Assessment 2026

Term 3 will be a significant period for the school, particularly for the Grade 6 learners, who will sit for the Kenya Primary School Education Assessment (KPSEA), marking the completion of their primary education. The school has put in place academic intervention programs, continuous assessments, and revision sessions to ensure that all candidates are well prepared for the assessment. Upon successful completion of the assessment, the Grade 6 learners will graduate from primary school and transition to Grade 7 Junior School in 2027. The school remains committed to supporting every learner to achieve their full potential and to ensuring a smooth transition into Junior School through quality teaching, guidance, and mentorship.

CONLUSION

Term 2 concluded successfully with remarkable achievements in academics, sports, infrastructure development, and community engagement. The school maintained a conducive learning environment that positively impacted learners and the surrounding community.

- The **registration of the school as a Junior School** marks an important milestone in the growth of Two Sisters Primary School.
- The completion of **new classrooms and sanitation facilities** are essential for the learners and teachers at the school.
- The school's **outstanding performance in sports**, where the boys' team became zonal champions and the girls' team both zonal and sub-county champions before representing Marsabit County at the regional competitions in Kitui.
- The **dispensary taken over by the county government** is key for the sustainability of health care in the community.
- Continuing the **antiFGM awareness program** in the school.

The school sincerely appreciates the continued support of the Ministry of Education, the Board of Management, parents, development partners, Two Sisters Church, sponsors, and the community. As the school prepares for Term 3, it remains committed to its motto, "Committed to Excellence," and to providing quality, inclusive education for every learner.
