TWO SISTERS SCHOOL, TERM 3 REPORT 2026
24th August – 23rd October

INTRODUCTION

As the term comes to an end, learners and teachers of Two Sisters School will take a well-deserved two-month holiday and will be back on 4th January 2027. Next year brings exciting developments. Registration has taken place for a comprehensive institution, allowing us to open a junior school, grade 7-9. The school will also begin the process of becoming a National Assessment Centre and a Centre of Excellence. We're hopeful that everything will be satisfactory as we continue to grow and serve our community better

TERM DATES 2027

	OPENING	CLOSING	DURATION
Term one	**4h January 2027**	**2nd April 2027**	**13 weeks**
Half term	24th -February 2027	28th February 2027	5 days
April holiday	2nd- April 2027	23rd April 2027	3 weeks
Term two	**26th April 2027**	**30th July 2027**	**14 weeks**
Half term	23rd June 2027	27th June 2027	5 days
August holiday	2nd August 2027	20th August 2027	3 weeks
Term three	**23rd August 2027**	**22nd October 2027**	**9 weeks**

Teaching staff primary

	Name	Responsibility
1	Philip Lekupuny	Head teacher
2	Silvia Lentoror	Deputy head teacher
3	Amos Lepalat	Grade four teacher
4	Brian Ngetich	Grade five teacher
5.	Victor Omondi	Grade six teacher

6.	Samson Lepakiyo	Grade three teacher
7	Evans Lekupe	Grade one teacher
8	Doris Jepchirchir	Grade two teacher

Preschool teachers

	Name	**Responsibility**
1	Agnes Lekilio	Preschool 2 teacher
2	Eunice Learamo	Preschool 1 teacher

Support staff

1.	Nterepai Lesas	Cook
2.	Ali Lasapicho	Security guard

School enrollment 2027

We are projecting that the school enrolment will go up by 15 to 20 pupils next year, from 282 to about 300.

Grade	Boys	Girls	Total
Preprimary one	16	23	40
Preprimary two	27	19	47
Grade one	12	15	27
Grade two	10	15	25
Grade three	16	23	39
Grade four	16	17	31
Grade five	15	17	32
Grade six	12	14	26
Grade seven	15	18	33
TOTALS	**139**	**161**	**300**

Two Sisters' Junior School

In the beginning of 2027, Two Sisters Primary School will expand into a comprehensive school offering preschool, primary, and junior school education. This expansion will be implemented in line with the approved junior school registration and is expected to increase learner enrolment and the demand for additional teachers, classrooms, sanitation facilities, and other learning resources. We sincerely appreciate the timely approval of the junior school registration, which will enable the school to prepare adequately for this transition and provide learners with continued access to quality education.

Alternative Rites of Passage at Two Sisters School

The 2026 Alternative Rites of Passage (ARP) and FGM Awareness Graduation was a remarkable milestone in promoting girls' empowerment and protecting children from Female Genital Mutilation (FGM). This year, a total of 86 young girls from three schools, Two Sisters School, Ntaletiani School and Jija School, graduated after participating in an empowerment and mentorship program throughout the year. The program gave an opportunity for the girls to learn about their rights, the importance of education, personal health, self-esteem, and the dangers and consequences of FGM and equipping them with knowledge and skills to make informed decisions about their lives.

The graduation ceremony took place the 20th of September in the riverbed next to Two Sisters School in the presence of many hundreds of people from Two Sisters Village, and six people from Two Sisters Church and Slottsskolan, Sweden. The 86 girls walked in a procession to the site; they sang songs and recited poems on girls' power. The girls were blessed by the elders in the community and by the representatives from Two Sisters Church. Finally, each girl received a graduation certificate "*In recognition of your commitment and dedication in advocating against Female Genital Mutilation (FGM), and for standing up for the rights and dignity of girls and women in our community.*"

Poem from the girls

Say no to FGM
My body is special
My body is mine
I will keep it safe
And I will shine.

Let every girl be free,
Love care and kindness
are the best virtues for you and me,
Say no to FGM
Please protect us
We learn, dream and grow
Please keep us safe

Distributing certificates to the 86 girls

The ceremony was a significant success and an important step towards building a community where girls are protected, empowered, and given equal opportunities to achieve their full potential. This achievement demonstrated the positive impact of collaboration between schools, community leaders, parents, mentors, and development partners in safeguarding girls' rights and promoting positive cultural change.

The graduation of the 86 girls from three schools is a powerful symbol of the positive transformation taking place in our community. Together, we can sustain this progress and build a future free from FGM, where every girl has the opportunity to grow, learn, and achieve her full potential.

We extend our heartfelt gratitude to Two Sisters Church and its partners for their unwavering support in making this initiative a great success. Thank you for helping our young girls to achieve this meaningful milestone.

Visit by Maria and Urban from Sweden

Maria Berg from Öland, Sweden served as a volunteer at Two Sisters School for two weeks in the beginning of September. Maria was at the school three years ago with Two Sisters Church and now came back for a longer period. Maria is a specialist in repairing windows and she repaired more than one hundred small, broken glass windows in the classrooms, staffroom and library. She also interacted with the students in the classrooms and during breaks.

Urban Andersson from Two Sisters Church also visited Two Sisters School for a couple of days, engaging with both teachers and learners.

The school deeply appreciates their kindness, generosity, and genuine interest, which make a meaningful difference for learners and teachers.

Two Sisters School selected for Centre of Excellence Pilot Program

Two Sisters Primary School has been selected by the Ministry of Education and the Teachers Service Commission (TSC) for piloting as a Centre of Excellence, with plans to establish a special school wing for learners with special needs. This is a significant milestone for the school and its development partners, presenting an opportunity to expand access to quality and inclusive education for all.

The pilot program is an important step towards assessing the school's readiness, identifying the necessary infrastructure and learning resources, and planning for specialized teaching support. Although full implementation is expected to take time, the initiative offers hope for the school's future growth and its potential to serve as a model for inclusive education in the region. This development is a great boost to the school and its partners. We look forward to working with the relevant government agencies and the community to gradually turn this opportunity into meaningful educational benefits for all learners

Ministry of Education Assessors at the school gate

Grade 6 assessment 2026

A total of 33 Grade 6 learners at Two Sisters Primary School undertook the KNEC end-of-Grade 6 assessment. The learners were adequately prepared through effective syllabus coverage, revision, and continuous assessment practice by their teachers. This milestone marks an important step in the learners' educational journey as they transition to junior school in 2027

Kalmarsundsskolan cooperation

The school is awaiting the outcome of the application for continued cooperation with Kalmarsundsskolan, Sweden. This partnership has contributed significantly to the improvement of school resources and the enhancement of teaching and learning outcomes, particularly for learners accessing support through the Learning Resource Centre. The school values this collaboration and anticipates a favorable outcome that will support the sustainability of the partnership and further strengthen inclusive education and learning opportunities for all learners.

Completion of toilets at Two Sisters' School

Girls' toilet

Boys' toilet

World Vision International completed the construction of toilet facilities at Two Sisters Primary School, improving access to sanitation for learners and staff. Other organizations, NG-CDF regional fund, Marsabit county Government and Two Sisters Church, have supported the construction of other toilets earlier in the year. The project promotes proper hygiene practices, privacy, dignity, and menstrual hygiene management for girls while reducing reliance on open defecation. Overall, the project contributes to a cleaner, safer, and healthier learning environment, with the potential to improve learner attendance and well-being

Community football stadium

Lake Turkana Wind Power (LTWP) constructed a football field in Two Sisters Village, marking a significant investment in youth development. The facility provides young people with a space to nurture their sporting talents, promote physical fitness, build teamwork, and encourage positive social interaction. This is a valuable addition to the community that will help keep young people engaged in constructive activities while promoting unity and talent development.

Two Sisters Cup and FGM sensitization seminar in December

The annual December Two Sisters Cup Football Tournament and FGM Sensitization Seminar have become key drivers of change among our youths, both within our community and in neighboring villages. Through football, education, mentorship, and community engagement, we continue empowering our girls, protecting their rights, and inspiring the next generation to embrace positive cultural practices.

Running costs

s.no	Item	Term one	Term two	Term three	Sub totals
1	Meals	180,000	180,000	180,000	540,000
2	Stationary	40,000	40,000	40,000	120,000
3	Wages	80,000	80,000	80,000	240.000
4	Sports	20,000	20,000	20,000	60,000
5	Admin	50,000	50,000	50,000	150,000
6	Teachers training		150,000		150,000
	Totals	370,000	520,000	370,000	1,460,000
	Uniforms, bags	300,000	0	0	300,000

The meals are calculated as 10ksh per meal of every learner for 60 days totaling to 600ksh per learner every term

Long-term priorities

	Priorities		appropriate cost	2027	2028
2	Primary school classroom		1,500,000	1	
3	Junior school classroom		1,500,000		1
4	Junior school laboratory		3,000,000	1	
5	Dining hall and kitchen		5,000,000		

Short-term priorities

1	Office tables and chairs	100,000	10
2	Teachers´ desks	80,000	

NB. The teachers' desks, office tables and chairs are necessitated by the increased number of teachers with additional junior school teachers expected in the new year.

Learning Resource Centre Requirements

1	Air-condition	1	80,000
2	WIFI-Star link	1	80,000

Reflections on the year 2026

As 2026 comes to a close, we look back with gratitude and pride on **a year of remarkable success, growth, and transformation at Two Sisters Primary School.**

Academically, 2026 has been a significant year as the first cohort of Grade 6 learners to sit for the **Kenya Primary School Education Assessment (KPSEA).** This milestone reflects the dedication of our teachers, the determination of our learners, and the collective efforts of our partners and community.

The graduation of 86 girls from three schools during the Girls' Empowerment and FGM Awareness program was another outstanding achievement. This celebration of courage, empowerment, and positive change inspired our community and neighboring regions, reinforcing our commitment to protecting girls and promoting a brighter future for every child.

Ambitions and plans for 2027

As we look forward to 2027, our aspirations remain high.

- Priority should be given to **strengthening teaching and learning** at Two Sisters School
- Increasing Two Sisters School's capacity to serve as **a Centre of Excellence and a National Assessment Centre**
- A successful start of the **Two Sisters' comprehensive school,** and a positive transition of Grade 6 learners to the **Junior school.**
- Mobilizing resources for **additional classrooms, teachers, and learning materials.**
- Continue to work for **girls' empowerment and FGM prevention initiatives**, which continue to promote positive change within the community and neighboring regions.

These ambitions will require continued collaboration and support from all our partners and stakeholders to sustain the progress achieved in infrastructure development, academic performance, and learner welfare.

Appreciation and Merry Christmas

As Two Sisters Primary School closes for the long December 2026 holiday, we take this opportunity to send our appreciation to Two Sisters Church for your prayers, generosity, and support, and for the connections to various Swedish institutions, Kalmarsundsskolan, Linnaeus University, volunteers, and others. Alongside, we appreciate the support from all our development partners in Kenya. The kindness, generosity and encouragement we receive have made a meaningful difference in the lives of our learners and the growth of our school. You are all an important part of our school family, and we are truly grateful for your commitment to helping our children learn, grow, and dream of a brighter future.

Together, we are building more than a school; we are nurturing hope, transforming lives, and creating opportunities for the children of our community.

As we celebrate this festive season, may your homes be filled with love, your hearts with peace, and your days with joy and renewed hope. We wish you and your families a Merry Christmas and a blessed, prosperous New Year 2027. Thank you for being part of our journey and for believing in the potential of our learners. We look forward to another year of friendship, partnership, and shared achievements.

With gratitude and best wishes

A Merry Christmas and a prosperous, peaceful, and blessed New Year 2027!
