## **OUR VISION:**

We will reinstate pride in Hamra, creating an attractive destination point for local people, visitors and tourists, which tells the unique story of Hamra in a fun, accessible and engaging way.

# **OUR MISSION**

## **(we will do this through):**

Developing partnerships with local people and regional authorities to create a sustainable tourism offer that combines nature, culture and religion. We will use new creative ways to tell the unique stories of the Hamra area and help grow a more dynamic and resilient community for the future.
